

A very large and informative long paper title, that is very long but still readable

Main Author Name¹ Another Author² Second Author¹
¹ LIA, Avignon University ² Another membership
author.name@univ-avignon.fr

Summary (always on top and spreading over two columns)

- 1. Highlight your abstract or the key points at the very top. Make it concise and informative to your viewers, and attractive!
- 2. This template contains elements hidden from view to save space. For e.g.: A header with four logos, and different options for the information at the bottom for funding or author. Remove the "hidden" class to see them.

Default box, with black background in the title

This is a div with class "box" and a child with class "box-title".

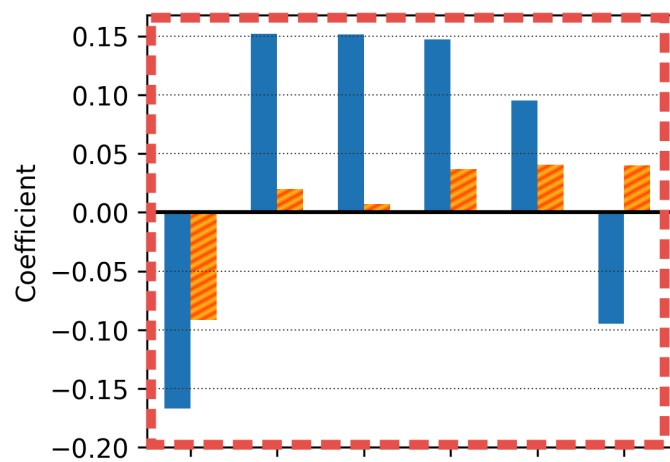

Define inline code with a span and the class "code".

```
{
  "tip1": "Or use a 'div' instead to define a code block over
    multiple lines that respect the spacing",
  "tip2": "You can highlight keywords in a span like this"
}
```

Columns layout and sample item list

(left) This text appears over (right) two columns

These columns are centered vertically and have different widths, adapting to the zise of the image.

Example of a list of tags or simple items

- Item 1 Item 2 Item with sublist : Question, Instruction, Affirmation
- Another item : Single, Multiple, Undefined

Box with default border

The class "with-border" adds a black border and padding.

The classes "red" and "orange" change the default colour.

Simple box, with default gray background

The class "with-bg" adds a gray background and padding.

The class "simple" removes the background on the title.

Orange box with border (and small clarification)

Example of math equation, processed with "mathjax":

$$H(P) = \frac{-\sum_{i=1}^n p_i \log(p_i)}{\log(n)}$$

n = number of all items

Orange box, with background

- **BLEU**: Metric for evaluating the quality of machine-translated text.

Red box, default with coloured title

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna.

Red box, with border

Very simple box, without highlight colour

- Linear regression with five-fold cross-validation
- Observation 1: Humans are better than LLMs (luckily)
- Observation 2: Some topics are extremely difficult

"This is a box styled as a citation or a note."

And below there is an example of a box containing only an image:

Red box, with background

- New dataset **CoolDatasetName** published for free access and with an open license on HuggingFace.
- Another super revolutionary contribution to the scientific community.
